CURRENT POSITION

Assistant Professor & Area Focal Head, Analytics & IT, Xavier Institute of Management and Entrepreneurship (XIME), Bangalore

Jan 2025 – Present

EDUCATION

Ph.D. Christ University, Bangalore, India — (*in progress*) 2024 – Present

Post Graduate Diploma in Management (PGDM) TSM, Madurai, India 2018 – 2020

Master of Professional Engineering (MPE) University of Wollongong, Australia 2013 – 2014

Bachelor of Engineering (BE) Hindustan University, Chennai, India 2008 – 2012

UGC-NET (Management) — qualified December 2022 and June 2023.

RESEARCH AND TEACHING INTERESTS

Statistical Modelling; Machine Learning; Artificial Intelligence; Business Analytics; Information Systems; Digital Transformation ; Big Data Analytics; Database Management Systems; Cloud & IoT.

PUBLICATIONS

Journal articles

Jonathan, N. D. (2026). Machine learning models for employee attrition prediction: Logistic regression, gradient boosting, and random forest compared. *International Journal of Research in Management*, 8(5), 31–38.

Jonathan, N. D., & Kalepalli, V. L. S. N. (2026). Predicting IPO listing day returns and profitability using linear regression, random forest, and XGBoost models. *International Journal of Economic Practices and Theories*, 1472–1477.

Jonathan, N. D. (2025). Enhancing GDP forecast accuracy: Comparing neural hierarchical interpolation for time series (N-HiTS) model and vector autoregression (VAR) model for U.S. economic planning. *World Journal of Management and Economics*, 18(1).

Jonathan, N. D. (2023). Evaluation of the readership of the Times of India newspaper and magazine in the hospitality segment in Madurai district. *International Journal of Research in Management*, 5(1), 45–47.

Book Chapters

Firdaus Bashir, Aswathy Prakash G, Nikhil D Jonathan, 2026. "Sustainable Consumer Behaviour in the Green Cosmetics Market: A Research Agenda", *Green Technology and the Circular Economy: Towards a Sustainable Future*, Krishn Awatar Goyal, R. Sivasamy, Teena Mertiya

Books

T Dakshinamurthy, Nikhil D Jonathan & Naveenatha Krishnan (2025). *Innovative strategies to reduce poverty decoded*. Notion Press. <https://www.amazon.com/Innovative-Strategies-reduce-Poverty-Decoded/dp/B0FGQJDM96>

N D Jonathan, J C Madathil, Madhukumar P S (2026) *Compendium of Analytics Practical Projects*. Issue 1. ISBN: 978-93-5782-012-7. Internet Archive.

Preprints (SSRN)

Jonathan, N. D. (2024). *Enhancing GDP forecast accuracy: Comparing neural hierarchical interpolation for time series (N-HiTS) model and vector autoregression (VAR) model for U.S. economic planning*. SSRN. <https://ssrn.com/abstract=5057143>

Jonathan, N. D. (2024). *Factors influencing students' adoption of AI research tools: A logistic regression analysis*. SSRN. <https://ssrn.com/abstract=5058710>

Jonathan, N. D. (2024). *Technology-enabled mitigation of road accidents: A comprehensive review and bibliometric analysis*. SSRN. <https://ssrn.com/abstract=4947378>

Jonathan, N. D. (2024). *Top management stock options and fraudulent financial reporting: A comparative analysis of the three primary corporate governance models identified in global capital markets*. SSRN. <https://ssrn.com/abstract=5057147>

Jonathan, N. D. (2025). *Determinants of renewable energy adoption in Coimbatore: An analysis using machine learning models*. SSRN. <https://ssrn.com/abstract=5091748>

Jonathan, N. D. (2026). *Analyse the behavioural intention for acceptance of drone-based grocery delivery system*. SSRN. <https://ssrn.com/abstract=6369378>

Jonathan, N. D. (2026). *Predicting employee attrition using machine learning techniques*. SSRN. <https://ssrn.com/abstract=6369338>

Jonathan, N. D. (2026). *Predicting stock market prices using economic indicators*. SSRN. <https://ssrn.com/abstract=6369159>

CONFERENCE PRESENTATIONS

Jonathan, N. D. (2025). *Analysing the determinants and factors for the adoption of renewable energy resources using an ML model* [Paper presentation]. International Conference on Sustainable Goals 2.0 (ICSG 2.0), Indian Institute of Management (IIM) Bodh Gaya, Bihar, India.

Jonathan, N. D. (2025). *Market anomalies and AI risk management: Unpredictability at ELCID* [Paper presentation]. Westminster International University in Tashkent (WIUT) Case Conference 2025, Tashkent, Uzbekistan.

TRAINING & DEVELOPMENT PROGRAMMES

Delivered & Organized:

1. Management Development Programme (MDP) on Data Visualization using Power BI for Automotive Component Manufacturers Association (ACMA).
2. Management Development Programme (MDP) on AI-Powered Marketing at XIME Bangalore.
3. Lean Six Sigma (Green Belt) training for MBA students, with KPMG India.

Attended

1. Faculty Development Program (FDP) on Artificial Intelligence(AI) and Generative AI at IIM Bangalore(2026)
2. Faculty Development Program (FDP) on Digital Disruption in Sustainable Supply Chains by NIT Patna & Thiagarajar School of Management (TSM). (2026)
3. Faculty Development Program (FDP) on Advanced Multivariate Data Analytics (Moderation & Mediation) at IIM Visakapatinam.(2023)
4. Faculty Development Program (FDP) on Foundation of Business Analytics using Python at TSM (2025).

ACADEMIC APPOINTMENTS

Assistant Professor, XIME, Bangalore.

Jan 2025 –Present

Assistant Professor, Kumaraguru College of Technology – Business School

Jan 2024 – Jan 2025

Assistant Professor, SVP Intl. School of Textile & Management

Jul 2023 – Dec 2023

PROFESSIONAL EXPERIENCE (INDUSTRY)

Associate Business Development Manager , Jeevan Technologies	Jul 2021 – May 2023
Credit Analyst , ICICI Bank	Oct 2020 – Jun 2021
Business Consultant (Intern) , Times of India	Apr 2019 – Jul 2019
Project Consultant , Aparajitha Corporate Services Ltd.	Nov 2016 – Jan 2018
Technical Support Engineer , Concentrix Technologies	Oct 2015 – Sep 2016

COURSES TAUGHT

Artificial Intelligence & Machine Learning · IT Project Management · Decision Models for Projects · Database Management Systems & Data Warehousing · Data Visualization · Business Analytics using Python

Teaching effectiveness feedback is in the range of good to very good across courses handled.

ACADEMIC SERVICE & INSTITUTION-BUILDING

- As the Area Focal Head, I am actively involved in strengthening curriculum for Analytics & IT courses.
- Reviewer for international conferences and journals in Finance and Analytics.
- Faculty lead, X-Insights student analytics club winning multiple inter & intra collegiate events.
- Contributed to EFMD accreditation and NBA Criteria 8 clearance.
- Organised the Digital Leadership Conclave
- Actively conduct interdisciplinary research using the Bloomberg Terminal, Statista, Traxcn and CMIE Prowess.

PROFESSIONAL CERTIFICATIONS

- Modelling and Predicting Climate Anomalies Specialization – University of Colorado Boulder (2026)
- Climate Change and Sustainable Investing Specialization – EDHEC Risk Institute (2026)
- Introduction and Programming with IoT Boards – Pohang University of Science and Tech (2025)
- IBM AI Engineering Specialization — IBM (2024).
- Zoho Suite for HRIS and CRM (2024).
- UGC NET (Management) – (2023 & 2024)
- Google Data Analytics — Google (2023).
- Lean Six Sigma Green Belt — KPMG India (2024).
- Python and Statistics for Financial Analysis — HKUST (2020).
- Creating Models using SmartPLS; Advanced SQL — Coursera (2024–2025).
- Certified Innovation Professional (CIP) Level 1 — Forge Factory (2024).

TECHNICAL & ANALYTICAL SKILLS

Programming & Tools: Python, R, SQL (Postgres / PL-SQL), Databricks, Power BI, Tableau, IBM SPSS, Bloomberg Terminal.

Methods: Machine Learning, Deep Learning, NLP, Econometric Analysis, Statistical Analysis, Decision Models (LP, Queueing, Game Theory, Simulation), Lean Six Sigma.
